17 **TITLE IV—COLLEGE** 18 **PREPARATION**

19 **PART A—ADVANCED PLACEMENT PROGRAMS**

20 **SEC. 401. ADVANCED PLACEMENT PROGRAMS.**

21 Title X of the Elementary and Secondary Education
22 Act of 1965 (20 U.S.C. 8001 et seq.) is amended by add-
23 ing at the end the following:

1 **“PART L—ADVANCED PLACEMENT PROGRAMS**

2 **“SEC. 10995A. SHORT TITLE.**

3 “This part may be cited as the ‘Access to High
4 Standards Act’.

5 **“SEC. 10995B. FINDINGS AND PURPOSES.**

6 “(a) FINDINGS.—Congress finds that—

7 “(1) far too many students are not being pro-
8 vided sufficient academic preparation in secondary
9 school, which results in limited employment opportu-
10 nities, college dropout rates of over 25 percent for
11 the first year of college, and remediation for almost
12 one-third of incoming college freshmen;

13 “(2) there is a growing consensus that raising
14 academic standards, establishing high academic ex-
15 pectations, and showing concrete results are at the
16 core of improving public education;

17 “(3) modeling academic standards on the well-
18 known program of advanced placement courses is an
19 approach that many education leaders and almost
20 half of all States have endorsed;

21 “(4) advanced placement programs already are
22 providing 30 different college-level courses, serving
23 almost 60 percent of all secondary schools, reaching
24 over 1,000,000 students (of whom 80 percent attend
25 public schools, 55 percent are females, and 30 per-
26 cent are minorities), and providing test scores that

1 are accepted for college credit at over 3,000 colleges
2 and universities, every university in Germany,
3 France, and Austria, and most institutions in Can-
4 ada and the United Kingdom;

5 “(5) 24 States are now funding programs to in-
6 crease participation in advanced placement pro-
7 grams, including 19 States that provide funds for
8 advanced placement teacher professional develop-
9 ment, 3 States that require that all public secondary
10 schools offer advanced placement courses, 10 States
11 that pay the fees for advanced placement tests for
12 some or all students, and 4 States that require that
13 their public universities grant uniform academic
14 credit for scores of 3 or better on advanced place-
15 ment tests; and

16 “(6) the State programs described in paragraph
17 (5) have shown the responsiveness of schools and
18 students to such programs, raised the academic
19 standards for both students participating in such
20 programs and other children taught by teachers who
21 are involved in advanced placement courses, and
22 shown tremendous success in increasing enrollment,
23 achievement, and minority participation in advanced
24 placement programs.

25 “(b) PURPOSES.—The purposes of this part are—

1 “(1) to make advanced placement programs
2 available in every secondary school by 2004, which
3 are still often distributed unevenly among regions,
4 States, and even secondary schools within the same
5 school district, while also increasing and diversifying
6 student participation in the programs;

7 “(2) to encourage more of the 600,000 students
8 who take advanced placement courses but do not
9 take advanced placement exams each year to dem-
10 onstrate their achievements through taking the
11 exams;

12 “(3) to build on the many benefits of advanced
13 placement programs for students, which benefits
14 may include the acquisition of skills that are impor-
15 tant to many employers, Scholastic Aptitude Tests
16 (SAT) scores that are 100 points above the national
17 averages, and the achievement of better grades in
18 secondary school and in college than the grades of
19 students who have not participated in the programs;

20 “(4) to support State and local efforts to raise
21 academic standards through advanced placement
22 programs, and thus further increase the number of
23 students who participate and succeed in advanced
24 placement programs;

1 “(5) to build on the State programs described
2 in subsection (a)(5) and demonstrate that larger and
3 more diverse groups of students can participate and
4 succeed in advanced placement programs;

5 “(6) to provide greater access to advanced
6 placement courses for low-income and other dis-
7 advantaged students;

8 “(7) to provide access to advanced placement
9 courses for secondary school juniors at schools that
10 do not offer advanced placement programs, increase
11 the rate of secondary school juniors and seniors who
12 participate in advanced placement courses to 25 per-
13 cent of the secondary school student population, and
14 increase the numbers of students who receive ad-
15 vanced placement test scores for which college aca-
16 demic credit is awarded; and

17 “(8) to increase the participation of low-income
18 individuals in taking advanced placement tests
19 through the payment or partial payment of the costs
20 of the advanced placement test fees.

21 **“SEC. 10995C. FUNDING DISTRIBUTION RULE.**

14 vent such students from dropping out of school, and
15 effective programs to identify and encourage youth
16 who have already dropped out of school to reenter
17 school and complete their secondary education; and

18 “(2) approaches such as breaking larger schools
19 down into smaller learning communities and other
20 comprehensive reform approaches, creating alter-
